

2012 ADULT REFEREE CLINIC SCHEDULE

Player accreditation was instituted to promote a clearer understanding of the rules and interpretations governing the game resulting in a more competitive and higher level of play with minimum disruption. The clinic cover current rule changes, interpretations, officiating mechanics, scorekeeping, tournament format and player responsibilities.

Player accreditation is not official's certification, as the requirements to become a certified official are much more stringent. However, there are a number of player officials who are very competent and are encouraged to obtain certification. Anyone interested in becoming a certified official should contact the Officials Chair for requirements and additional information. Every team registered in the Region is required to officiate during pool play. It is recommended that all team members become accredited.

CLINIC FEE

January 1, 2012 – February 28, 2012	\$35.00/team
March 1, 2012 – March 31, 2012	\$50.00/team
Any clinic thereafter	\$100.00/team

Checks payable to: **Wayne Lee**

Failure to remit the appropriate fee will result in the withholding of any accreditation and/or certification for the team and/or club.

Penalties for Non-compliance

For those teams who are not in compliance, there is a fine of \$10.00 per official. The fine is assessed when the offending team has an insufficient number of accredited player officials to officiate pool play. The fine is due prior to the end of the tournament. By agreement with the Region's Executive Tournament Director, the offending team will not be allowed further participation until the fine is cleared.
